

Student Graduation Rates

The Department of Education requires the disaggregated reporting of student graduation rates. The data is based on our first-time, full-time, baccalaureate-seeking cohort which typically represents less than 12% of our overall student enrollment.

The data below represents the graduation rates of the cohort who entered Viterbo in the Fall of 2017; and are shown by type of Title IV aid, gender, race, and ethnicity.

Cells with five (5) or fewer students have been protected to prevent inadvertent identification of students.
